Jun was a great professor! He was always so well-informed and rehearsed on all of the topics we went over. Jun's enthusiasm and humor made it a little easier to get up and come to class every Monday/Wednesday/Friday at 8am. I would highly recommend Jun to any student seeking to take his class.

Jun is a great professor. He was always prepared and had plenty of examples for us to help us grasp the material. This class was very educational and Jun was definitely part of the reason I learned so much.

Great energy when teaching and everything went smoothly most times during lecture or teaching.

Very understanding, makes sure we know the material before he moves on to the next concepts

Excited to teach

Simulations and Labs should be worth more to avoid other students skipping because of it only being a few points. Could have been a lot more critical in feedback. Also make students change their sport to teach every week this would avoid the same students doing the same sport every week.

Word some of the quiz questions a little better

Depended on us to teach the lecture, he tried to pull answers out of us instead of teaching
